

Making talents future ready with our unique Career Opportunities

4th year HBO student and ready for a promising IT career? Get to know the Talent Program!

In this program you are provided with the opportunity to follow an internship track at one of our partners. Cisco works together with the following leading and innovative IT companies in the Netherlands:

- Axians
- Avit
- Conscia
- NTT
- Simac
- Telindus

Besides following the internship track at one of our partners, you will also be provided with an opportunity to be industry-level certified. With the partner company, you decide which certification track to follow!

After your internship, your job is waiting for you!

The Talent Program gives you:

- Job-guarantee at a Cisco-partner
- The possibility to flexibly design your professional development journey.

What does the Talent Program offer?

1. You will follow a special internship track at a leading IT company in the Netherlands.
2. Get 2 high-quality certificates in the field of Networking, Security and/or Programmability.
3. Kickstart your career by sharing to participate in our program.
4. Be part of our Talent Community and participate in cool Cisco events!

Be You,
With Us

How do I apply for the Talent Program?
